Windshield Repair and Replacement

A small chip in a windshield can quickly become a big problem.

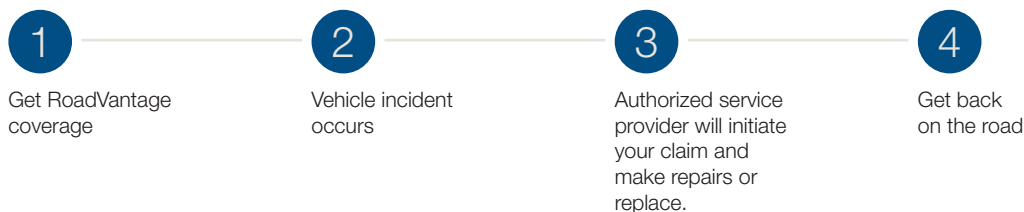

Windshield repair can save money—and help avoid time and hassle

Windshield Protection covers the cost of repairing your front windshield if chipped or cracked by propelled rocks or other road debris.

If the windshield is not repairable, it will be replaced.

How it works

Windshield Repair and Replacement

Repair Process

Windshield Repair is a permanent process that removes air from the break and fills it with a curable resin. Small cracks, stars, and chips up to 6" in length are covered. This process bonds the glass together and restores strength to the windshield while improving its appearance and usually prevents the break from spreading.

Benefits

- ✓ Unlimited repairs of damage to the front windshield caused by road debris.
- ✓ A trained technician will repair your damaged windshield.
- ✓ If the windshield is not repairable, it will be replaced.

Unlimited Claims • No Deductible • No Mileage Limitations

Windshield Repair and Replacement protection is available in many of our bundled products.
